## **RE: Justice Services Online Enhancements**

Dear Members of the Legal Community:

I am writing to advise that the Ministry of the Attorney General (MAG) will be releasing additional enhancements to its Justice Services Online (JSO) platform.

The following enhancements will be deployed on February 14, 2022:

- Time sensitive documents will be flagged in the Civil Submissions Online (CSO), Family Submissions Online (FSO) and the Small Claims Court Submissions Online (SCCSO) portals. Filers will be asked to identify time sensitive submissions which will be flagged for staff. This new feature will help staff prioritize time sensitive filings and ensure that such submissions are reviewed in advance of a closely approaching court date or deadline. Members of the legal community are encouraged to submit their documents well in advance of the deadline to ensure staff have sufficient time for review. The addition of the "Time Sensitive" column will provide an opportunity to eventually move more filings online and reduce the need for email filings.
- Filers will have the option to upload a separate document for proof of income
  where the submission includes a fee waiver request. Separately uploaded proof
  of income documents will be automatically purged after the submission is
  accepted or rejected.

- Accessibility upgrades will be made to allow documents to be submitted in Word (.docx) format. Previously, only PDF documents were accepted. Instructional text with additional information about compatible browsers will also be included.
- A list of all existing filed documents in a family case will be provided to filers who
  have submitted documents through FSO. The list will be sent to filers as an
  attachment to the auto-generated email notice of the accepted submission and
  will be identical in format to the case history report currently available in FRANK.
- French names of processed documents will be included in the auto generated notices of acceptance or rejection of a submission for filing and/or issuance in FSO, CSO and SCCSO.

This iterative approach to JSO enhancements builds on earlier work and seeks to prioritize the user experience while minimizing disruption.

Please note that the legal community will continue to be informed of ongoing enhancements through notices to legal and paralegal associations.

If you would like to discuss this initiative, please contact Vaia Pappas, Director, Operational Support Branch at 416-326-2514.

Sincerely,

**Beverly Leonard** 

Assistant Deputy Attorney General

Court Services Division
