

FEDERATION OF ONTARIO
LAW ASSOCIATIONS

FÉDÉRATION DES ASSOCIATIONS
DU BARREAU DE L'ONTARIO

As you are aware, the Ministry of the Attorney General and the Ontario Superior Court of Justice are introducing CaseLines, a cloud-based document-sharing platform that supports remote and in-person court proceedings. This supports efforts to reduce the number of in-person court attendances at courthouses in accordance with the recommendations of public health advisors.

Attached you will find an information sheet with more details about CaseLines and the planned provincial rollout. Please share this information with members of your associations.

They can also be found on our [Courts page](#) and our [Family Law page](#).
