Please find attached, a copy of today's weekly update along with a copy of the most recent edition of responses to member questions. Note that there are quite a few new MAG responses in today's "Outreach" attachment. While responses are not posted online, our weekly update can also be found [here](#).

Additionally, as you may know, MAG has announced that both the Metro Toronto Convention Centre (MTCC) and the Pearson Convention Centre in Brampton are now prepared to host jury events.

The MTCC will be used to support the Superior Court of Justice at 361 University and Civil Superior Court of Justice at 330 University with jury events and the Pearson Centre will be used to support the Brampton courthouse at 7755 Hurontario Street.

For your information and awareness, attached are attaching the documents that informed the ministry's decisions - these are the site assessments and verification checklists.
