The Ministry of the Attorney General (MAG) is seeking input and perspective on a new regulation to be made pursuant to the [***Provincial Offences Act \(POA\)***](#), specifying additional ways to serve POA summonses.

The proposed regulation would allow service by way of registered mail, courier, or email. It would also permit service on a recipient's licensed lawyer or paralegal, where applicable. The full text of the proposed regulation is available on the Regulatory Registry [here](#).

You can submit your comments directly through the [Regulatory Registry](#) on or before **April 12, 2021**.
