### *Lloyd and Kemper LLP's Philosophy in the Practice of Law:*

It is our hope that we are changing the stigma of the "uncaring lawyer," for we have chosen compassion as our underlying ambition. We affirm that we are called to be "good lawyers" and "Officers of the Court.". Our competence arises out of restricting our practice to Family Law. Our role as lawyers is (1) to advise the client as to how the law would apply to the case;

(2) to negotiate a settlement to the extent possible; (3) to protect the rights of a client and (4) to advocate where parties cannot settle.
