MINISTRY UPDATES

MINISTRY OF THE ATTORNEY GENERAL

JUSTICE SERVICES ONLINE FEEDBACK SESSIONS: In late March, MAG and FOLA hosted a series of regional JSO Feedback Sessions. These sessions offered productive and respectful dialogue between the ministry, bar, and bench on online filing services and gave JSO users the opportunity to ask questions, share any challenges they may be experiencing, and suggest possible improvements to the platform, both in advance of and during the sessions. The ministry received important feedback about JSO, such as suggestions to further increase document size limitations and streamline user communication with court staff about a submission. The JSO project team is carefully reviewing all of the feedback and, in response, is exploring ways to enhance JSO and related operational processes. A summary of the feedback when available. In the meantime, here is a [link](#) to the final version of the presentation deck used at the sessions.
